## Sec. Talbott Resignation Rumors Spread

### White House Slaps Reports

Possible Successors To Air Chief Headed By Craig; Hagerty Says 'No'

WASHINGTON (AP) — There were widespread rumors Wednesday that Harold E. Talbott has resigned as secretary of the air force but the White House said they were not true. Similarly, there were numerous reports of possible successors.

Asked about reports of a resignation, presidential press secretary James C. Hagerty said: "There is nothing to it. You heard what the President said this morning."

He referred to President Eisenhower's news conference statement that he was suspending judgment of the propriety of Talbott's outside business activities until he could study the record.

Hagerty specifically included in his "nothing to it" declaration a report, published by the Indianapolis News, that Gov. George N. Craig of Indiana was being considered for Talbott's post.

make phone calls or write letters" about Mulligan company affairs.

But he said he had no idea that any sizable defense contracts were involved in the Mulligan affairs. He said he left details to his partner, Paul B. Mulligan.

As a matter of fact, Talbott said, he became "quite angry" last January when officials of the Radio Corp. of America challenged the propriety of signing a contract with Mulligan.

It was the RCA contract which provided most of the fireworks at the hearings. Witnesses described the RCA branch involved as doing "a large volume" of defense work.

It wasn't any hotter in Lincoln Wednesday—but it wasn't any cooler, either.

The high reading downtown Lincoln was 101 for the second day in a row. However, it cooled off at the Lincoln Airport while a high of 104 was reported. The Airport had the highest reading in the nation Tuesday with 105.

If Lincolnites wanted to set records, however, a point could be stretched that the mercury almost—just within a hair—rose to 102 Wednesday at 5 p.m. At 5:30, the official Weather Bureau temperature gauge still showed a 101 and three-quarters degrees.

The Airport's 104 was the state high Wednesday.

No relief on temperatures was in sight for Thursday. Highs were expected around 100 in the southeast and in the 90s in the northwest.

Thursday's forecast called for fair skies in the east and partly cloudy skies elsewhere. Scattered thunderstorms were expected for the west Thursday afternoon. The storms were to spread over most of the northeast and central portions Thursday night.

Wednesday's temperatures included highs of 102 at Omaha and 101 at Norfolk. The lowest maximum reported was 87 at Chadron.

Rainfall reports included .03 at Chadron, .21 at Imperial, .13 at North Platte, and .11 at Scottsbluff.

President Eisenhower had asked 200 millions for the Asian economic development fund and the House allowed only 100 millions. The Senate upped this to 150 millions but the conference cut it back to 100 millions with a provision that the funds could be used until 1958.

A 12-man jury at Austin returned the verdict at 12:20 a.m. after deliberating nearly four hours.

The 12 man jury fixed the penalty at three years in the state penitentiary.

The finding of the jury ended the celebrated case which has been a storm center of scandal for six months in the veterans program.

Hagerty said it was correct that Craig has an engagement to see presidential assistance Sherman Adams, but he indicated it was on an entirely different matter. Craig is to lunch with Adams Thursday.

Craig himself says "there is not a word of truth" in any report he was called to Washington as a possible successor to Talbott. He said Adams, asked him a month ago to come see him but that he did not know what Adams wanted to discuss.

**Hinshaw**

American Aviation Daily said that Rep. Hinshaw (R-Calif.) and Frederick C. Crawford, Cleveland industrialist, are among those being mentioned as possible successors if Talbott resigns.

The position "may shortly be offered to" one of the two men the industry publication said. Hinshaw is a pilot and has been active in aviation legislation. Crawford, a pioneer in the aviation field, is chairman of the board of Thomson Products, Inc., manufacturers of metallurgical products, valves, jet engine parts and accessories.

The Chicago Tribune said there were reports that Talbott's post had been offered to Lee White, New York lawyer and former assistant secretary of the air force. White, reached at Brewster, Mass., said he had not been offered the job.

Doctors, with consent of his parents, Mr. and Mrs. Earl L. Newman, told the youngster two weeks ago that he can expect to live only six to 12 months longer. The Newmans said the child has known he faced possible death since an operation two years ago failed to stop the growth of a malignant brain tumor.

"Ricky talks about it (death) just like it was a cold or something like that," Mrs. Newman told a newsman, averting her head so Ricky would not see her sudden tears.

Also aware that Ricky is not expected to live are his four brothers and sisters, Jimmy Lee, 13, Earline, 12, Peggy, 11, and Earl, 4.

When a reporter wished him a happy birthday, Ricky looked up and replied:

"Thank you. I know it will be."

**2 Billion Aid Bill Is Agreed**  
Half Billion Cut From Ike's Request

WASHINGTON (AP)—Senate-House conferees reached agreement late Wednesday on a foreign aid bill carrying about \$2,700,000,000 of new funds—some half a billion dollars less than President Eisenhower requested.

House conferees succeeded in knocking out 420 million dollars of increases voted by the Senate for military assistance and 50 million dollars the Senate had added to President Eisenhower's fund for Asian development.

Sen. Ellender (D-La.), who waged a futile floor battle in the Senate to prevent increases of 566 million dollars said the compromise "makes me feel good."

He said other Senate conferees agreed to the major reductions "because we found nearly 363 million dollars of old funds they didn't even know they had."

#### Must Bill

Chairman Hayden (D-Ariz.) of the Senate Appropriations Committee said clerks now are working out exact totals on the big money bill, one of the must measures before Congress adjourns.

Ellender said the conference decided it could eliminate the 420-million increase for military aid voted by the Senate because 401 millions of funds previously voted by Congress, but not earmarked, could be used.

Ellender said the conference decided it could eliminate the 420-million increase for military aid voted by the Senate because 401 millions of funds previously voted by Congress, but not earmarked, could be used.

He said this included "302 millions that the Air Force received in 1950-52 for use in Indochina which had been forgotten, another 33 million-plus approved by the House but eliminated by the Senate, and 66 millions that they telephoned us from Europe now is available."

# Ike May Pay A Visit To Russia

And Red Leaders May Come To U.S.

By ED CREAGH

WASHINGTON (AP) — The possibility opened up Wednesday that President Eisenhower may visit Russia and Soviet leaders may come to this country as part of the new free-exchange-of-visitors policy explored at the Geneva conference.

The President told a news conference that exchange visits "throughout the whole echelons of government" were discussed in informal talks between Western and Soviet leaders, though he said no definite invitations were issued.

Shortly afterward, British Foreign Secretary Anthony Eden announced in London that Soviet Premier Nikolai Bulganin and Communist party chief Nikita Khrushchev will visit Britain next spring. This could be the first of a series of top-level visits across the Iron Curtain.

Eisenhower also said a foreign minister level conference — once such as Sen. George (D-Ga.) has proposed — between the United States and Communist China could result from the talks between ambassadors of the two countries starting next Monday in Geneva.

And he said he was inclined to favor letting Russian arms inspectors fly over any part of the United States, even atomic installations, if his Geneva proposal for an exchange of military blueprints between this country and the Soviet Union should be accepted.

The President's meeting with newsmen was highlighted by (1) the heat, which drove many reporters to shed their jackets — for the first time in the history of White House news conferences, and (2) the Senate investigation of Secretary of the Air Force Harold E. Talbott, a long-time personal friend of the chief executive.

In a manner obviously reflecting deep concern, Eisenhower said he will decide personally whether Talbott has acted improperly and should be fired for his private business activities while a member of the Little Cabinet. In general, said the President, a government official must be completely ethical — and keep himself above suspicion.

## 8th Division CO Praised 89th Outfit

FORT CARSON, Colo. (AP) — The 2nd Headquarters Battalion of Omaha drew praise Wednesday at Fort Carson from Maj. Gen. Van Houten, 8th Division Commander here, for its instruction work.

Gen. Houten told Capt. Lorenz Bukaček and his men that the instruction work was "as fine as any I've seen since I've been in the Army."

The Nebraska units of the 89th division are here for their annual summer training.

The troops were visited by Sam Reynolds, Omaha Civil Defense director; Harold LaMarr, the Rev. John G. Flannigan, the Rev. Charles T. Shinners and Lt. Col. Robert M. Atkins of Creighton University; Horace Gordon, Norfolk; J. Y. Castle and Mrs. Joseph Hirschfeld, North Platte, and Pat Ash, Lincoln, all here for three days to view the maneuvers as guests of the units.

## 12 Yanks In Crash Incident

... 58 On Airliner

ATHENS, Greece, (Thursday, AP) — An iron curtain of silence today surrounded the crash of an Israeli airliner in Red Bulgaria. Nearly 24 hours after, nothing certain was known of the fate of the 58 persons reported aboard.

Among the 51 passengers were believed to be 12 Americans or U.S. residents, 3 Canadians and 5 Soviet citizens. The four-engine Constellation of the El Al Israeli Airline carried a crew of seven.

In New York the airline issued a passenger list naming these nine as "believed to be U.S. citizens or residents": Mrs. Rella Avram, Mrs. O. Cohen, Mr. Hamery, Mrs. A. Hahn or Hann, Mr. A. Mann, Mrs. Schaeffer or Schaefer, Mrs. A. Sacks and Mrs. D. Sacks. Mrs. Schaeffer boarded the plane in Vienna and the others were believed to have been picked up in Paris.

### Soldier's Account

The line's office in London identified three others who boarded the plane there as Americans. They were Mrs. M. Katz and her small daughter, and a Mrs. Sheinbaum, believed to be Mrs. Zahava Sheinbaum, 37, of New York, secretary general of Histadrut Ivrit, an organization for the preservation of the Hebrew language.

Greek authorities said Bulgarian antiaircraft gunners shot down the plane. But a Greek soldier who witnessed the incident from across the nearby Greek-Bulgarian frontier was quoted as saying he was not 100 per cent certain that the explosion did not come from inside the plane.

The soldier, whose account was released by the Greek 3rd Army Corps headquarters, said he saw two figures jump from the airliner and one parachute opened.

Parachutes are not normally carried in big commercial airliners.

### Some Doubt

The soldier said he heard an explosion before the crash and thought it was the booming of Bulgarian antiaircraft guns firing at the plane but was not sure.

This eyewitness account appeared to throw some doubt on the earlier Greek government statement, which said it was based on observations made by soldiers of the 10th Greek Army Division in Macedonia.

## 300 See State Hospital Show

A Lincoln State Hospital variety show was presented Wednesday evening at Pinewood Bowl before an estimated audience of 300.

The program which featured vocal and instrumental numbers, was under the musical direction of Mrs. L. Sirks.

Songs were sung by Marguerite Merlin, soprano; Loren Rohrbaugh, baritone; and Helen Kunz, soprano. Duets were presented by Helen Kunz and Rohrbaugh. Rohrbaugh and Lillian Frantz opened the program with an organ and piano duet and Velva Wise presented an organ solo. On the accordion, J. Frans played three numbers.

The mixed chorus, directed by Mrs. Sirks and accompanied by Lillian Frantz, and the men's chorus, directed by Mrs. Fred J. Stevens and accompanied by Mrs. Sirks, also performed.

In the mixed chorus were: Marguerite Merlin, Mary Kochanowski, Betty Hamilton, Lyle Robertson, Bronte Gerhardt, Loren Rohrbaugh, Thomas King and Raymond Woren.

In the men's chorus were: Robert Bauer, Bob Coon, Paul Larson, Chester Applegate, Lloyd Depp, Vernon Brown, John Kelly, Samuel Nigro, Donald Brethauer, Kenneth Murphy, Charles Marfisi, Thomas King, Raymond Woren, Loren Rohrbaugh and Robert Finke.

# Mrs. Hobby Sticks By Her 'No-One-Could-Have-Foreseen' Salk Statement

WASHINGTON (INS) — Outgoing Welfare Secretary Oveta Culp Hobby said Wednesday she was never fazed by the "political" storm over the Salk vaccine, and praised government scientists who handled the crisis.

She also firmly dispelled rumors that she was dissatisfied with U.S. Surgeon General Leonard A. Scheele. She said that the decisions made under his direction "will go down in history as one of the truly great sagas of courage."

Mrs. Hobby made the statements to International News Service in a farewell interview — the first she has given since the Salk vaccine crisis began last April. She leaves the cabinet next Monday.

The woman cabinet officer said that despite criticism, the American people endorsed her efforts to make sure that "safety was the paramount consideration."

**Political!** Mrs. Hobby firmly stood by two earlier statements that made her

subject to what she termed "political" attacks.

These were her testimony that "no one" could have foreseen the great demand for Salk vaccine, and that a Democratic plan to provide free shots for all children was "socialized medicine by the back door."

Reiterating that the demand could not have been anticipated, Mrs. Hobby explained her feeling this way:

"This vaccine was truly unique. Nothing like the Ann Arbor announcement (proclaiming the vaccine a success) had ever been experienced before. Nothing ever hit the public or gripped their emotions as this vaccine did."

She said that shortly after the announcement, her department began calling in experts to help plan distribution of vaccine supplies, but that "the question of safety was always the first consideration."

She said that although there were complaints of "black mar-

kets" and unfair distribution, little vaccine went into commercial channels and almost all of it was immediately earmarked for the National Foundation for Infantile Paralysis.

She said that the question of allocations almost did not exist because the foundation was getting every available dose — as it still is.

Mrs. Hobby noted that despite the political uproar she received almost "no mail" on the subject and the surprisingly few letters that were received principally urged her to make sure that the vaccine was safe.

Recalling the period when the inoculation program was at a standstill while the question of safety was being debated, Mrs. Hobby said:

"Just think of the scientists who sat in those all-night meetings, time after time, and the momentous decisions they had to make — even while some scientists were disagreeing with them."

She said that although there

## The People Are Talking

The alchemy of brotherly love is currently carrying this divided world into new and delightful experiences, we hope as solid and lasting as their present buoyant spirit.

America took President Eisenhower's report on Geneva in stride at early week. To some it seemed even anticlimactic, since a free American press had done a thorough-going job of Geneva coverage and there was not much the President had to say that had not been known by most in advance.

But it was noteworthy that Soviet Russia published the President's report in toto—an unusual occurrence there—and Pravda, official government organ, had approving things to say. Most significant, however, was the surge of friendly enthusiasm manifested by the rank and file of Russians.

## Not A Closed Act

A vital and major role in world peace and co-operation must of necessity always rest with the prime figures of state and with the law-making bodies. But it is not a closed field and citizens increasingly are finding their own means of promoting the cause.

Good examples are the World Medical Association and the World Health Organization. The former, a professional organization of physicians, claiming an increasing membership of Americans, is performing notable service in the field of exchange of medical experience for worldwide improvement of health. The latter which operates in 84 nations under the framework of

PALOS VERDES ESTATES, Calif.—How about a bit of potpourri? How about a bit of juvenile delinquency, which a year ago was giving the Los Angeles area so much concern? . . . They are making progress in the fight out here but there still is a long way to go . . . The biggest step has been to bring the activities of organized gangs of young ruffians and wayward boys and girls to an end.

The papers gave considerable attention a few days ago to the case of a 14-year-old boy who since the beginning of vacation had embarked upon a career of robbery, and had succeeded in committing 228 burglaries . . . Total swag was estimated at \$3,500 . . . Most interesting aspect to the case was that this youth actually had an amazing misplaced brain . . . He had given, apparently, some years of schooling to developing his program for easy money . . . On the basis of his story, the commentators and the press reported, he had completed a course of reading qualifying him for the career upon which he had embarked since early June . . . His first conclusion was that courtesy paid handsomely . . . When the officers questioned him in the beginning, he was so polite that they conclude they were in the wrong alley . . . He had also, he boasted later, devoted some time to reading up on his rights, legally . . . But this metropolitan area in provision for playgrounds and supervision is not neglecting its youth, and if perseverance plus the expenditure of money can get the job done, then it will be accomplished . . . Scarcely a day goes by without its story of crime in one form or another . . . Many of them reach back to sex, and many more to the perverted sense of brutality.

Enough of that . . . In the last year, to move to more pleasant fields, this is to note that Los Angeles County constructed 87,215 new dwelling units in 1954 . . . And there seems to be no end to the merry song of the hammer and the saw . . . Immediately to the east, Orange County had 19,000 new housing units . . . But of greater significance, perhaps, was the story which appeared recently in Time.

In a survey of a three-state area, Time reported that people were moving in on the desert . . . Some astounding reports of population growth were set forth . . . Overnight, business houses and homes are springing up possibly like the flowers which bloom briefly in the hot sun . . . Nevada, Arizona, and southern California are profiting from this great migration—one of the greatest, and as yet uncharted—in American history.

The American people place a pretty high value upon a real old-fashioned belly laugh, one of those capable of splitting the air . . . A news story indicates that the estate of Mark Twain 45 years after the death of the renowned American humorist, whose real name was Samuel L. Clemens, received an income greater than many living breathing authorities who daily pound typewriters . . . It collected in 1954, \$11,655.82 for the use of some of Twain's writings which are not yet in the public domain . . . There is some concrete evidence that in today's tensions many a writer lacks an appreciation of the size of America's funnybone . . . Noted that Nebraska's Sen. Carl T. Curtis has been assigned primary responsibility for drafting a Republican version of the congressional election laws to be substituted for a Democratic-sponsored measure . . . The Curtis substitute, press dispatches report, probably will contain provisions tightening existing restrictions, now a part of the Taft-Hartley law, on labor union activities in political campaigns . . . The Democratic version was prepared by Sen. Tom Hennings of Missouri, with whom we served for a year in a study bearing upon an entirely different field . . . Little chance either measure will receive attention, with Congress rushing towards adjournment . . .

Sitting on a beach, itching in a wet bathing suit, a contributor to the Los Angeles Examiner wants it known, is not exactly what can be called fun . . . He thinks, in his letter to the paper, that there is a long way to go before the beach frequenters are really free . . . Could be, but that was not exactly our impression from some of the bathing suits we have observed.

### Adenauer Is Alone

### On Own Summit

MURREN, Switzerland — An old man who has seen two wars and much happiness sat on a mountain-top as the Big Four scurried about Geneva "at the summit."

And, while the Big Four were being ogled by hundreds of tourists and guarded by 284 secret service men, 150 Russian security men and two battalions of Swiss guards, Konrad Adenauer, Chancellor of West Germany, sat on a summit so aloof and alone that only the tenuous strands of a cable hauling a cable car straight up Switzerland's highest mountain linked him with the diplomatic hustle and bustle down below.

One narrow street threaded the mountain shoulder where Adenauer sat on his summit. No autos disturbed him. No one could possibly reach Adenauer's summit unless hauled by cable car and, after they got there, the yhad no place to go. Only two-wheeled milk carts perambulated along Murren's one and only street.

In solitude the old man of Germany sat watching the glaciers melt into cataracts and come tumbling down the Jungfrau like Hitler's empire tumbled after 1945. He sat admiring the patches of potatoes which clung to the side of the mountain as precariously as the peace of Europe, and he gazed up at the clouds crowning the peak of Jungfrau like his own hopes

### Lo, The Po' Woim Born To Eat Dirt

My son, who will be in college next fall and is getting too big for his britches, laid his fishing rod down across the boat's gunwale and probed delicately in the old tomato can for a fresh morsel of bait.

"Did you ever stop to consider," he asked me, "the injustice that is done to a worm?" He held up a lackadaisical victim of injustice for closer inspection and to stimulate thought.

I withdrew my nose to a more refined distance and said, "If you mean the injustice of being ignored by fish, then the worms I have used today were certainly the most socially underprivileged creatures ever presented before a bunch of underwater snobs." I looked resentfully into my empty creel.

Lee sighed philosophically while his gaze wandered to the nice string of fish which somehow had come to his hook. He said "I had in mind more the total futility of a worm's life, from the cradle to the creek. Did you ever hear of a worm hurting anybody?"

I looked at my empty creel again and was about to answer with a bitter tongue, but he fore stalled me.

"The world has not been fair to worms," he said. "They are born underground, underprivileged and being skinned, yet who ever stops to remember that they are forced by environment to eat dirt—because that is all the environment they ever have? We wouldn't treat a dog like we treat worms!"

I was about to suggest that there are some large structural and psychological differences between dogs and worms, but he continued hastily. "A worm is not allowed to have any ambition," he declared. "If it comes to the surface in search of adventure, or just for a look at the green trees and pretty clouds, what happens? A bird gets it. No wonder the poor thing doesn't know from one day to the next which is its front end. If you had to spend your life digging through the earth without a shovel, you wouldn't care which end was which, either.

☆ ☆ ☆

He paused to peer sympathetically at the worm wriggling on his palm. Then he glanced at me. He said, "What are you doing?"

"You have touched my heart," I assured him. "I am putting an artificial fly on my line. I guess the poor worms deserve a break now and then."

He glanced fondly at his nice string of fish and proceeded to adjust the object of his sympathy for perch or bass. I said, "Hey aren't you going to practice what you preach?"

"As long as you're going to use artificial bait," he replied. "I might as well use the rest of the worms. There aren't enough left for both of us to fish with."

As it turned out, my son outsmarted himself. I caught more fish on the artificial fly in the last half hour than he did on the underprivileged worms.

### Kefauver Hearings Rise In Interest

WASHINGTON — The question of Sen. Estes Kefauver's presidential possibilities—a matter many of his colleagues would prefer to ignore as would Adlai Stevenson—will soon come to the fore again.

Within the past month Kefauver as chairman of a judiciary subcommittee has conducted hearings in New York, Los Angeles and Chicago on a wide range of morality topics, including pornographic comic books, lewd photographs, increased violence in TV showings and suggestive advertising of motion pictures. Little noticed here, the hearings attracted packed crowds and excellent coverage, including local TV.

Funds for the subcommittee are practically exhausted, so the time is at hand when Kefauver must ask the Senate for more. Whatever is then done or said publicly, the cloakrooms will most certainly have much to say about the motives of the senator from Tennessee.

The politicians, perhaps joined by the press, will be inclined to pass off these morality hearings as an attempt by Kefauver to keep his name before the public. He will be widely accused of trying to repeat his 1951-52 success with the crime hearings which launched his original presidential boom.

He was brought to them, he says, by the original crime hearings. In that memorable probe he saw about 2,000 hoodlums, gangsters and gun molls. More than two-thirds of them, he says, told sordid stories of slums, broken homes and harsh punishment in regular prisons for early and minor offenses, prisons where, they met hardened criminals.

The senator says that he decided then he could do nothing for present offenders but he could do something for the next generation.

The moral forces now behind Kefauver are largely unseen in Washington but they are important in this country and have ways of making themselves felt. The hearings show that the clergy, especially, is alarmed to find that while churchgoing obviously is on the rise, so is juvenile violence.

## MAN'S BEST FRIEND

By ALLEN EDEE  
Star Staff Writer

Timstopper Prince Charming is a young Pomeranian who can really crack the whip to push his owners, Mr. and Mrs. H. Baluch of 516 No. 16th through the University of Nebraska.

The canine will awake the Baluches at three o'clock in the morning for early-morning study sessions. Timmy will crawl out from under the bed, where he sleeps, and jump on the bed pulling and licking until the young married students are aroused.

Once assured that the Baluches are up and going, Timmy will lie back down under the bed for a good morning's nap. The happy pup has no future exams to give him bad dreams.

The early-morning study routine was founded when the owners discovered that their pup had the irregular habit of awaking at three a.m. Timmy always saw to it that the rest of the household was awake to greet him. The Baluches could not break the dog of the habit so they decided to use the time for study.

Now they like the idea and would not stop Timmy from his duty for anything.

The tiny three-and-a-half-pound dog will doze away the morning classes until the owners return.

The pup is quite a showman, too. The Baluches found it out by accident.

They got into a conversation on how good a dog they had. Mrs. Baluch said the dog was good enough to be entered in a show ring. Mr. didn't believe it. So Mrs. marched her Timmy down to the Cornhusker Kennel Club show. Neither had been inside a show ring before and knew nothing about how to act.

"I had him on the wrong side from the judge and didn't know how to pose him right," Mrs. Baluch said.

The person explained that "he

...an argument, a dog show, and a prize....

Timmy received second prize in his class, a fair outcome for a beginner.

But Mrs. Baluch says "it was all a joke and we are all through with that."

Going to school is a full-time job for the young housewife, along with her part-time job at a local store.

Whether people think that Timmy is valuable or just cuddly, Mrs. Baluch does not know, but their pup has been stolen three times. The Pomeranian always shows up later, however. One time she caught someone driving away with the dog.

The person explained that "he

thought the dog was lost."

Timmy is very selective about his canine pals. He likes only Pomeranians. The pup refuses to make friends with any other breed of dog.

Timmy is scheduled to ride by plane to Maryland this week where the Baluches are planning to spend their vacation. It will be his first plane ride.

But the biggest surprise of all will come in two years after the Baluches complete their education here. He will travel to Afghanistan where the Baluches plan to make their home. Just imagine the book he could write on that—*"A Pomeranian in Afghanistan"* by Timstopper Prince Charming.

### The Onward-Upward Boom

**Editor's Note:** The year of 1955 finds Americans buying and borrowing more than ever before, according to William H. Stringer, chief Washington correspondent for the Christian Science Monitor. Have we reached a new level of prosperity? Is it an illusion? Or is it to become bigger and better? Stringer is mostly optimistic in the following article.

Stand back and have a look at the "boom year" of 1955.

The official forecast from the Commerce Department now confirms economists' forecasts: that the American economy which has been smashing a goodly number of peacetime records in the first half of 1955 will carry right on through the second half to make this the nation's top year in production, sales, and general prosperity.

The question which politicians, and particularly the Republicans of this "business man's Administration," are asking is: How long will the boom last? Will it continue full steam through November 1956?

To which the economists, in these days of

## POSTCARD

I have been thinking that youth is more thoughtful these days than when I was doing the thinking. Anyhow, the kids wrote some new ones. Snappy numbers with a little flavor of soap ads:

"Stop and think before you drink!"  
"Don't let your parents down; they brought you up."  
"Choose a date who would make a good mate."

The other evening I went over to Rancho Del Monte Country Club in the Carmel Valley of California to see if flaming youth burned brightly.

Rancho Del Monte is set in the warm valley between the coastal hills. It has quite a youthful clientele, having a Coke machine, a juke box, an excellent swimming pool and a small wading pool where the small fry cannot drown in case you are baby sitting.

On this particular evening, there was a teen-age dance.

The dancers were just limbering up. The girls dancing with each other while the boys stood gawkily on the sidelines wondering what to do with their hands.

This is a frightful age for a boy. Because all the girls are already in business. Their business being boys. When there are no boys around, the girls dance dreamily by themselves, a Coke bottle in one hand.

Well, I can report that Youth has taken over. Four thousand teenagers conventioned recently and adopted a new Ten Commandments. I do not know what was

(McNaught Syndicate, Inc.)

wrong with the old Ten. Possibly they have no TV possibilities.

Anyhow, the kids wrote some new ones. Snappy numbers with a little flavor of soap ads:

"Stop and think before you drink!"  
"Don't let your parents down; they brought you up."

"Choose a date who would make a good mate."

If they were thinking important thoughts, it did not show. They partnered up and danced, a hesitating sort of trip done at arm's length. There was no clutching the partner as in the days when your correspondent graced the elegant dance floors.

The boy and girl simply held hands, one hand. Looked pretty good, too.

In the interests of research, I listened to a little of the conversation.

A girl named Martha, it seemed, would not be there. She had to baby-sit her small brother and it was a heart-breaking tragedy.

Somehow I got the impression that the girls were just as happy to have Martha out of circulation. A girl named Phyllis was MAAaaaad about a boy named Jack.

"He goes to COLLEGE!"

Well kids, when you get a man around who goes to COLLEGE! Well, you simply go MAAaaaad! I mean, really!

## Douglas Officials Say Talbott Only Mentioned His Firm To Them

WASHINGTON (P) — Top officials of the Douglas Aircraft Co., a big defense contractor, said Wednesday that Secretary of the Air Force Talbott surprised them by mentioning his private firm to them, but that he did not solicit business for the firm.

The firm in question is Paul B. Mulligan & Co., a management engineering outfit from which Talbott announced his withdrawal Wednesday. He said he had done nothing wrong, but realized he had been mistaken in promoting the business while in public office.

Donald Douglas Sr., and Donald Douglas Jr., whose names had come into the Talbott investigation conducted by the Senate Investigations subcommittee, talked by telephone from California Wednesday with Chairman McClellan (D-Ark) and Sen. Mundt (R-SD).

The subcommittee made public a transcript of the telephone interview with the Douglases. It quoted Douglas senior as saying Talbott did mention his Mulligan company partnership in an October 1954 conference at the

Pentagon and that this surprised him.

"Same Impression"

"I did not get any inference that he was soliciting us to use Mulligan & Co.," Douglas said.

The younger Douglas concurred: "I got the same impression as my father, that he was not soliciting our company."

They said they thought Talbott was simply trying to illustrate that economies could save the government large sums on airplane contracts.

Both men said they understood Talbott to have claimed he was receiving \$10,000 a month from the partnership—about \$120,000 a year.

This would be about double the amount Talbott has acknowledged in testimony and which the Mulligan company's books show.

McClellan said later he thought they may have misunderstood the figure.

**Little Surprised**

Douglas senior said, "I was a little surprised at being told about the affair, but mainly I was surprised about being told about the earnings and wondered what concerned that was to me."

He said he felt he and Talbott were such good friends that the secretary could have mentioned the partnership to illustrate a point "without being improper. But I did wonder why he would tell me about his earnings from it."

The junior Douglas said he had reacted about the same way—"I thought it only strange that I was told about the matter."

McClellan questioned both men about comments they might have made to each other after leaving Talbott's office.

"It has been reported to the committee that one of you said, 'It looks like we are going to have to buy a piece of Mulligan,'" he said. "Is that true?"

Douglas senior replied "No, I am quite certain that is not true." He said he believes he did "facetiously" remark to his son, however, "I wish I had a piece of the Mulligan company" if it paid such big profits. The son said he didn't remember what was said about it.

**Falls Citian Glenn A. Boyd Dies Here**

Glenn A. Boyd of Falls City died in a Lincoln hospital Wednesday evening at the age of 39.

Funeral and burial will be at Falls City.

**Commies Gain**

MADRAS, India (P) — The Communist-backed People's Front has gained absolute control over four municipal councils in the formerly French-ruled Pondicherry area. The official announcement of election results said in the Pondicherry city contest 12 out of 16 seats went to the Communists.

### Turncoat's Wife And Authorities To Meet Liner

SAN FRANCISCO (P) — Mrs. Jewell Bell, along with Army authorities, will be on the pier Friday to meet her turncoat husband when he returns from Red China on the liner President Cleveland.

Mrs. Bell, 21, and her 4-year-old daughter, Paula, are to fly to San Francisco from Olympia, Wash., Thursday.

Her husband, Otho, 24, is one of 21 Americans who refused to come home from Communist prisoner of war camps after the Korean War.

Bell and two others later changed their minds and got the Chinese to return them. The others are William C. Cowart, 22, of Dalton, Ga., and Lewis W. Griggs, 22, of Jacksonville, Tex.

Army authorities will be waiting to arrest the trio and announce the charges against them. The Pentagon has said they will be held on various charges, including aiding the enemy and misconduct as prisoners.

### Co-Developer Of Chloromycetin Is Killed In Crash

VANCOUVER, B. C. (P) — Dr. Ralph Hummel, Detroit chemist who helped to develop the drug chloromycetin, was killed when his car skidded off a Canadian Rockies highway.

A son, Ralph Jr., 13, also was killed. Dr. Hummel's wife, Frances, was critically injured.

Dr. Hummel, 55, was head of the chemical processing department at Parke, Davis & Co., pharmaceutical firm. He had been credited with a part in developing chloromycetin, used to combat pneumonia.

The Hummel home is in Grosse Pointe, Mich.

The Hummels were on a tour of the Canadian Rockies.

'4 Men In A Jeep' History

## Occupation Of Austria Ends After 17 Years

VIENNA (AP) — Austria's 17 years of occupation came to an end Wednesday, and the Allied military patrol of Vienna—"four men in a jeep"—went into history.

### NU Graduate Will Command Walter Reed Med Center

WASHINGTON (AP)—Col. Thomas J. Hartford, 55, native of Valley, Neb., has been advanced to commander of Walter Reed Army Medical Center.

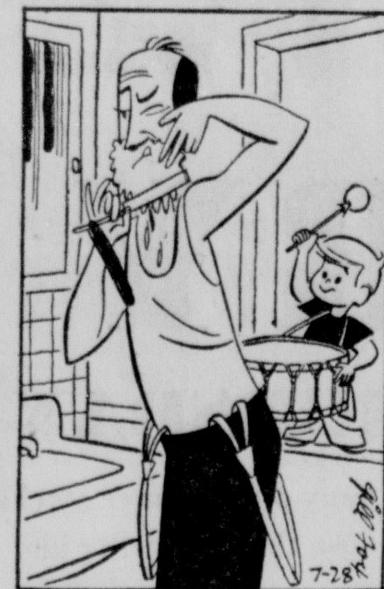

Hartford for four years commanded Tripler Army Hospital in Honolulu and, prior to that, was executive officer to the Army Surgeon General. In World War II he was deputy surgeon in the European theatre and surgeon of the 3rd Army.

He is a 1925 graduate of the University of Nebraska.

### WILBUR

About 5,000 American troops will leave Austria, with most of them going south within the next 30 days to reinforce the northeastern frontier of Italy.

#### France Deposits Papers

The treaty giving Austria her independence came into force when France, last to ratify it, deposited the ratification papers in Moscow Wednesday.

Austrian towns and villages hoisted red-white-red flags while the colors of the United States, Britain, the Soviet Union and France were lowered.

"The final remnants of the walls which separated Austria from its freedom have now fallen," President Theodor Koerner told the nation.

The Germans ruled Austria for seven years. Then the four powers began their occupation.

#### Quartermaster

All through the cold war, Russian, American, British and French military policemen have patrolled Vienna in foursomes.

The transfer of American troops from Austria to Italy was described as "purely NATO," and not a bilateral matter between the United States and Italy.

Austria is pledged to be neutral under her treaty of independence. All foreign troops must leave by Oct. 26.

Wang was secretary-general of the Red Chinese delegation to the Geneva conference on Indochina last year.

### Radio, Television Vote Coverage Set

PITTSBURGH (AP) — Westinghouse Electric Corp. announced Wednesday it will sponsor over the facilities of Columbia Broadcasting System "complete, all-inclusive" television and radio coverage of the 1956 presidential conventions and election.

The company said it would cover the "high spots of the campaign from convention time until election day with a series of television and radio debates between the leaders of the major parties."

### REDS SENDING POLAND ENVOY TO U.S. TALK

TOKYO (Thursday) (AP) — Peiping Radio announced today that Wang Ping-nan, ambassador to Poland, would represent Red China at the Geneva talks with the United States Monday.

The announcement said:

"The government of the Chinese People's Republic has appointed Wang Ping-nan, Chinese ambassador to the People's Republic of Poland, as the delegate to the ambassadorial level conference between the Chinese People's Republic and the United States of America which will be held at Geneva."

Wang was secretary-general of the Red Chinese delegation to the Geneva conference on Indochina last year.

# Remember Beverly Reed Who Motored Up To Alaska?

... EX-LINCOLN TEACHER SAYS 'EASY JOBS' ARE THING OF THE PAST; LOTS OF MEN AND DATES PLENTIFUL

BY PHYLLIS BATTELLE

ANCHORAGE, Alaska (INS) — Alaska is the land where a girl can latch onto marriage proposals without much ado. The record, reportedly eight hours and a few decisive minutes, was set in '37 by an Idaho doll thereafter known as "Mushy Molly."

It should be noted here, however, to prevent romantic rush that might upset the economy—not to mention the local girls—that self-support, while you're hunting a man, comes high.

Until a girl meets a man, she must pay from \$100 to \$200 for a respectable unfurnished apartment.

To keep up her health and good looks, she must eat plenty of vitamins, and vitamins are premium

man per woman in the metropolitan (30-thousand population) area. And if you include the Army and Air Force installations, it rounds out to maybe 50 to one.

"Even so . . ." and Beverly Reed's voice tapers off skeptically.

Because of her attractive personality and well-educated brain, she had no trouble finding a job as ticket-agent with Northwest Airlines, which flies big DC-6Bs into

Anchorage from Seattle daily and does enough business to employ from 10 to 12 girls at all times. But she had to answer plenty of questions on why she was coming to Alaska, what she had heard about Alaska before coming, and so on.

"Employers," she points out, "don't want to hire women if they feel they might have just another girl looking for a happy marrying

ground. It is not conducive to efficient output."

Fortunately, all city jobs and civil service jobs at the military bases allow a 25 per cent cost-of-living increase for the ladies who come here, to help meet the upped prices of imported foods, clothing and rents. But jobs are not so easy to find now, she adds, because the word has gotten round that this is not such a rugged settlement and

for the last two years the girls have been flooding in from everywhere.

**Television, Too**

"We even have TV stations, you know," she says proudly, "and in case you're a trifle persnickety about your dates, a television set is a great help to keep you from being lonely."

On dates, the girls in the summertime go golfing (you can usually play until 10 p.m. when the

sunlight gets a bit dim), and fishing ("I never liked fishing because I couldn't catch anything, but here you can't help getting fish"), and to the movies.

In the wintertime, when it is dark from 1 to 2 p.m. on, she says, the gals ski, ice skate, go to movies, "and so on."

SIDNEY, Neb. (AP)—Five persons were injured, one critically, in a head-on automobile collision four miles north of Dalton Tuesday.

Most seriously hurt was Henry C. Miller, 65, Cambridge, Kan., driver of one of the cars. The other

passenger in the Miller car also was seriously injured. Three other passengers in the Miller car were injured.

**It Costs a Lot To Live**  
"But the greatest problem of all," says Beverly Reed, a 26-year old school teacher from Lincoln, Neb., "is that jobs are not so easy to get any more, and a girl could run out of subsistence before she runs into the right man."

Beverly, a blonde and wholesome home economics instructor, arrived here three summers ago with three Nebraska lasses who were, like herself, tired of the well-ordered structure of society in Nebraska. They were not looking for men, at least consciously. "We just had itchy feet, is all," she says, "like the old pioneer gals."

Beverly is the daughter of Mr. and Mrs. Frederick Reed of 3820 Mohawk.

They packed up, three schoolmarmas and a doctor's receptionist, in a car and drove the Alcan Highway for seven days, and here they were.

Of the four, two fell in love with young men and got married. Beverly fell in love with Anchorage and got the job. The fourth got homesick and returned to the states.

"It is very, very easy to have as many dates as you want here, I suppose," Beverly says, musing about her unwed state. "But I would say that the chances of finding a suitable man—one who has the same interests as you do, and so on—are just about the same as they are in Lincoln."

"And the dangers of getting involved with a married man who is away from home and lonely are 100 per cent higher."

No one can actually pin down the ratio of men to women in the Anchorage area, but it seems to add up to about one and one-half

RALEIGH, N.C. (UPI)—No doubt Frank Snow will be more careful the next time he thumbs a ride. Snow, a short-term prisoner, escaped from a Halifax County Prison camp road gang. A short time later he flagged down a car. The motorist happened to be a deputy sheriff, who gave him a ride back to camp.

# Cloud-Seeding Interest Spreads Into Columbus Area

## Rain-Making Operation To Be Explained

COLUMBUS, Neb. — An informational meeting on the cloud-seeding project proposed for this area is scheduled here Monday under sponsorship of the Chamber of Commerce and the Cornhusker Weather Modification Assn.

Representatives of the association will explain the rain-making operation and will discuss the raising of funds to finance such a project.

The meeting was called after the chamber's agricultural committee met with delegations from Boone and Nance Counties, representing the association.

The association was organized in Boone County in May as a fund-raising body for the cloud-seeding operation. Groups in other counties have expressed interest.

Speakers said the organization has raised more than half of the \$25,000 needed to enter into a contract with the Water Resources Corp. of Denver. The amount would finance one year of cloud-seeding over an area of one million acres.

## Oldest Resident Of Page Marks 90th Anniversary

**Lincoln Star Special**  
PAGE, Neb. — Page's oldest resident, Louis Downey, celebrated his 90th birthday this week.

He had guests to help him celebrate — Mr. and Mrs. Earl Miller of Inman, Mr. and Mrs. John Lamason and their son, Wilson, Mr. and Mrs. Jerry Lamason, and Mrs. Downey's brother, Elmer Tavener.

Mr. Downey was born at Binghamton, Wis., and came to Nebraska when he was 15. He was married to Bertha Travener in 1898. The Downeys have two sons, Dale of California and Ora of Norfolk.

Mr. Downey operated a hardware store and lumber business in Inman before operating a general merchandise store in Page. The Downeys lived on a farm southwest of Page for 25 years. They have lived in Page for the past three years.

## Pioneer Of Dalton Leaves \$16,000 To Charitable Groups

SIDNEY, Neb. — Charitable bequests of \$16,000 are made in the will of John Walford of Dalton, who died June 29 at the age of 92. The will has been filed for probate in Cheyenne County Court.

Walford directed that from his \$134,000 estate, \$5,000 sums be given to Boys Town, the Christian Home Association, in Omaha. Another \$1,000 will be given to the Dalton Presbyterian Church.

Up to the time of his death, Walford was the oldest living pioneer in the Dalton community, coming to Cheyenne County in a covered wagon in 1886.

The remainder of the estate goes to relatives and friends.

## Comic Book Ordinance At Omaha OKd

OMAHA — The Omaha City Council passed unanimously a comic book ordinance with teeth in it.

The new ordinance makes it unlawful to sell any "comic book, magazine or other publication, which read as a whole is of an obscene nature."

The ordinance also prohibits furnishing to children under 18 of any publication which depicts by drawings a list of 27 crimes or incidents "including disgust or horror."

Passage of the ordinance came after a debate between James A. Hart, representing the Metropolitan Council of the Holy Name Society of Omaha, and Irvin C. Levin, representing the Omaha Comic book distributors and the Comic Magazine Assn. of America.

"Free To Deduce?" Hart declared that comic book publishers "say they should be free to seduce our children and that it is undemocratic to try to stop them." Levin termed proponents of the measure "well intentioned but misguided." He said they were seeking a "scapegoat" on which to blame juvenile delinquency.

Major John Rosenblatt read telegrams and letters from opponents of the ordinance including one from Eric Nelson of the Eric Nelson News Co., objecting to the clause making distributors liable for furnishing obscene books to retailers.

"Not Qualified" "We do not deem ourselves qualified to exercise literary judgment," he said.

Charles F. Murphy of New York, code administrator for the association urged that the industry be allowed to clean up itself.

## Grace McGraw, Attorney, Dies; Rites Thursday

OMAHA — Funeral services will be held at St. Patrick's Catholic Church here Thursday for Grace McGraw, 55, attorney and former member of the treasury department's tax appeal board.

Miss McGraw died in an Omaha hospital, after being hospitalized three months.

Miss McGraw had been admitted to bar associations in Oklahoma, Wyoming and Washington, D.C., and made a career of civil service work in Washington.

She worked for the Department of Interior, and was the first woman to serve on the Treasury Department's tax appeal board.

Miss McGraw made the official interrogation of Capt. Eddie Rickenbacker after he had been adrift in the Pacific Ocean for days.

She retired about three years ago and moved to Inman. Survivors include four brothers.

## Rev. Scholl Is Honored On 40th Year In Ministry

TALMAGE, Neb. — Members of St. Paul's Lutheran Church at Talmage and St. Luke's Church at Otoe celebrated the 40th anniversary of their pastor's ordination. The Rev. Daniel Scholl is pastor.

The group also celebrated the 40th wedding anniversary of the Rev. and Mrs. Scholl.

The Scholl's son, the Rev. Ludwig Scholl of Goodland, Kan., spoke at morning services and the Rev. Ernest Baack Jr. of Trinity Lutheran Church in Talmage spoke at a dinner in the School's honor.

The Rev. Scholl was ordained in 1915 at St. John's Lutheran Church at Dubuque, Ia. He has served at Marsh, Mont.; Denhoff, N.D.; Litchville, N.D.; Ellis, Kan., and Eaton, Colo.

Rev. and Mrs. Scholl were married in 1915 at Eldora, Ia. They have four sons and a daughter.

## Father Sentenced To Jail 30 Days

OMAHA — Municipal Judge Frank Nimitz sentenced a 29-year-old father Wednesday to 30 days in jail as an outgrowth of the accidental wounding of his daughter.

Eighteen months old Paulette Elaine Bolden was struck by a 12-gauge shotgun blast July 9. Police said Paul J. Bolden and his wife, Nathalie, 23, had been arguing. Bolden reached for his shotgun and the gun discharged as the two wrestled.

The girl was reported in good condition at an Omaha hospital Wednesday.

Bolden was sentenced to jail for discharging firearms within the city limits and fined \$10 and costs for disturbing the peace.

## Strattan Appointed Assistant Attorney

OMAHA — U.S. District Attorney Donald R. Ross announced the appointment of Byron D. Strattan, 25, Omaha, as an assistant.

Strattan succeeded Dean Wallace who left to accept a private position in Houston, Tex.

# Infant Fatally Hurt Beneath Wheels Of Alliance Truck

ALLIANCE, Neb. (AP) — Funeral services were held here for the 7-months-old farm laborer's daughter who was fatally injured under the wheels of a truck.

The child was Eneida Valdez, daughter of Mr. and Mrs. Elsie Valdez of Alice, Tex.

The infant's mother reportedly laid the child in the shade beneath a truck on the Clarence Yekel farm four miles east of here.

The child was injured when the truck started up, the driver unaware of the baby's presence.

County Attorney Robert Moran said he did not learn of the accident until the day after it occurred.

### Fairbury Police Officers Capture Suspect In Kansas Store Break-In

FAIRBURY, Neb. (AP) — Two hours after a break-in at a Haddam, Kan., grocery store, Fairbury Police Chief Joe Cook and Deputy Sheriff Frank Knoche captured a man answering the description of the burglar, who had in his possession the amount of money reported taken.

They said the man identified himself as Earl C. Morris, Plattsburgh, Neb. He waived extradition and was immediately returned to Washington County, Kan.

The officers said they were told the owner of the store walked in the front door as the burglar was leaving by the back door and provided a description of the man. In response to an alert from the Kansas officers, Cook and Knoche headed south and about six miles from Fairbury they met a car answering the description of the get-away car. They gave chase and halted the car.

When taken into custody Morris had in his possession 154 nickels, 14 pennies, and four half dollars.

### W. L. Howland, 46, Hastings, Is Dead

### Nebraskan Cited For Saving Boy

TOKYO (AP) — The Public Safety Commission of Kanagawa prefecture hailed the heroism of an American G.I. who saved a 5-year-old Japanese boy from drowning almost two months ago.

A letter of commendation and a porcelain vase were presented to Cpl. Billie Nyman Jr. of Potter, Neb., an engineer on an Army tug operating near Yokohama.

On June 1, Nyman was relaxing on the deck of his tug when he spotted the youngster who had gone under the water twice. The 23-year-old Nyman jumped into the water and brought him to the side of the tug where a fellow crew member pulled the boy aboard.

The child, Hiroshi Kinoshita of Yokohama, was quickly revived.

### Teachers Will View Watershed Via Ground, Air

Teachers attending the Conservation Education Workshop at Doane College in Crete will tour the Roca-Hickman watershed area by both ground and air Friday.

Even Hartman, extension conservationist at the University of Nebraska College of Agriculture, who will conduct the tour, says he expects about 25 teachers to go along.

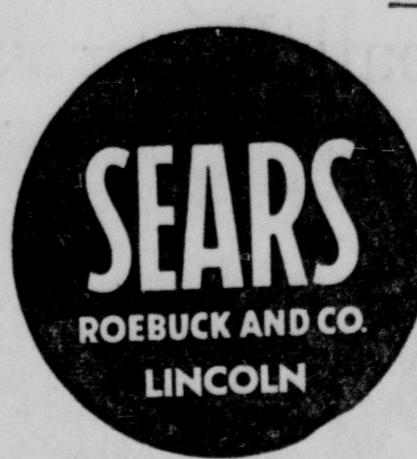

In the morning they will make a ground tour of the area. In the afternoon, the group will take an airplane tour of the same area to view the treatment from above.

Male Jury Finds Belk Is Innocent

CHADRON, Neb. (AP) — A jury of six men has found Cruger Belk innocent of a charge of selling liquor over the bar.

Belk was charged as an outgrowth of a Feb. 6 raid on the Chadron Country Club by state liquor agents. Three others pleaded guilty to sale of liquor and running a gambling machine.

The Chadron Country Club is now operated by the Chadron Junior Chamber of Commerce.

### Book Review

The monthly book review and coffee of the Lincoln YWCA was held Tuesday morning at the YW and featured a review of the book, "This American People," by Gerald W. Johnson, given by Arthur Vennix, assistant director of the University of Nebraska library.

Preceding the program, coffee was served beginning at 9:30 o'clock, with Mrs. Howard M. Rathbun and Mrs. J. M. Martin presiding at the coffee table.

A popular August bride-to-be is Miss Carolyn Lux who has been honored at a series of bridal courtesies the past several weeks.

On Tuesday evening, Mrs. Austin Goth was hostess at her home in courtesy to Miss Lux when she entertained a group of guests at a dessert supper and miscellaneous shower. And last week Mrs. Elwin Whitman and Mrs. William Palmquist were co-hostesses for the party.

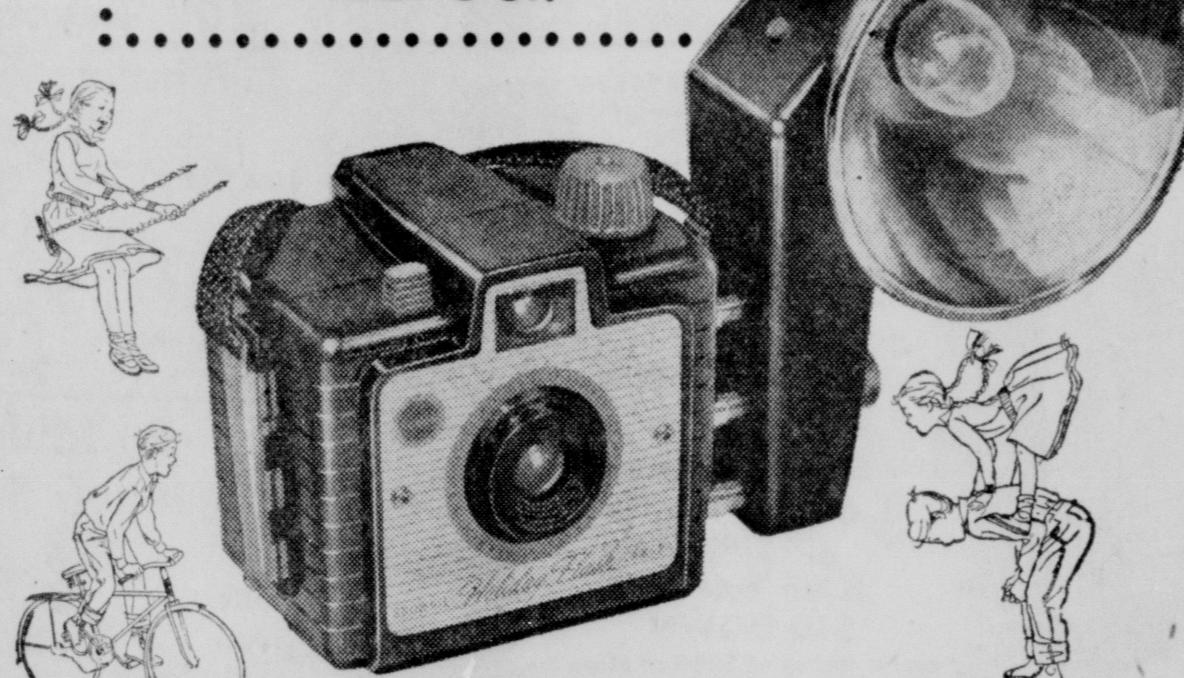

On Sunday, Miss Masters and her fiance, Donald Meyer, shared honors at a morning coffee when Mrs. Marion Wright entertained a group of guests at her home.

The marriage of Miss Masters and Mr. Meyer will be an event of Saturday, Aug. 6.

Miss Lux will become the bride

# County Board Hacks Away Budget Requests Hoping To Keep 1955 Levy Down To 5.7 Mills

The Lancaster County Board, hacking away Wednesday on the proposed two mill increase in the 1955 tax levy, believes the proposed levy of .6035 can be reduced to nearly 5.7 mills. The 1954 levy was 3.968 mills.

The Board reduced the proposed bridge levy from .623 to .5 mills to bring the 1955 total levy to an estimated 5.9 mills.

However, Board Chairman Russell Brehm said he believes general fund cuts of \$27,000 and other reductions may bring the final figure to 5.7 mills.

Last year, in reducing the amount of money to be raised by taxation to set the 1954 levy of 3.968 mills the commissioners transferred \$150,000 from the inheritance tax fund and cut general fund reserves by \$50,000.

The Board said the inheritance tax fund of \$32,000 would not be touched this year. Last year's balance was \$182,000, when the board appropriated \$150,000.

In reducing the bridge levy, the

Board cut to approximately \$92,000 from \$114,000 the tax money to construct bridges.

The highway fund levy, the first in over 23 years, was left at .2036 mill to raise \$68,000 by property taxation.

About \$130,000 of the combined amount for the highway and bridge funds is seen as offsetting part of the reduction of the county's share of gas tax funds by the 1955 Legislature and funds tied up in District Court litigation.

With an estimated \$576,920 in-

come for the 1955-56 fiscal year, Weaver said that the 1955 budget request of \$792,496.52 represents some reappropriation needed to give the department a working balance.

## No 1955 Projects

The department spent \$449,283.37 and estimated 1955 expenditures at roughly \$550,000. Weaver said the highway department had spent nothing for new equipment or secondary road projects since Jan. 1.

With an estimated \$576,920 in-

come for the 1955-56 fiscal year, Weaver said blacktopping projects for several of the county approaches to Lincoln could be gotten underway. Named were 2½ miles on No. 14th, West A, Van Dorn to the Pioneers Golf Course, Burlington between Calvert and O, and the county road south of College View. These all have heavy traffic requiring a higher-type surface, Weaver said.

Bridge fund requirements were estimated at \$317,421.09, of which expenditures would be similar to last year.

In other action the Board earmarked \$3,500 for its share of the city - county civil defense budget. A \$19,000 budget has been asked, but a \$7,500 appropriation is seen.

## Other New Funds

Other new funds established was \$2,500 for the county zoning board and \$1,700 for the county building inspector. Zoning and inspection fees are expected to reimburse these funds.

The Board reduced the county relief budget to \$151,977.50 with a \$10,000 cut. Cuts in requests of other departments and offices were also made.

The budget requests and the amount appropriated by the board are:

## Levy Rule Doesn't Affect Lancaster

Lancaster County Board Chairman Russell Brehm said the attorney general's ruling on county mill levy limitations does not affect this county.

The attorney general's office ruled the general fund limit of 4 mills does not include levies to provide medical, surgical, and hospital care.

This year's preliminary county budget calls for a 2.468 mill levy for general fund and 1.859 for the special medical fund.

Mrs. Arthur C. Howlett of 3008 W. told police earlier that she left her purse containing the money on the sofa in her front room. She left the doors unlocked while she was visiting at the home of a neighbor. When she returned, she told police her purse was missing.

Brehm said this county had always considered medical expenses separate from the general fund.

Brehm said the total county mill limit is 10 mills, of which a 4 mill limit is on general purpose funds.

## Polio Booster Shots Are Made Available Today

Polio vaccine booster shots will be made available Thursday at the City-County Health Department.

The announcement of the go-ahead of giving the shots was made Wednesday following a meeting of the Polio Advisory Committee. The committee members were named by the County Medical Society.

Committee members decided to give an all-out recommendation for giving the booster shots to the county's children in the first four elementary grades.

The permissive approval was given after consideration and some dissension to a report, considered confidential, from the American Academy of Pediatrics.

### Advise Against Shots

The report was given the committee by Dr. Paul Bancroft, head of the Lincoln chapter and stated that the American Academy advised against the shots during the summer. Approval of a time for giving the shots is expected to be made later in the year when the polio season is expected to be over.

The committee Wednesday decided against refusing to allow the shots to be given, and decided any parents wishing their children to have the booster shots could do so.

Dr. James T. Googe, city-county

## Cop Scalps Indian, Redskin Is Jailed

NEW YORK (UPI) — A detective who used to be a barber scalped an American Indian Wednesday and, lo, the poor red man ended up behind bars.

Detective Frank Martorella was one of four detectives who have been trying for weeks to get something on Henry (Geronimo) Serrette, 30, whom they suspected as a dope peddler.

But each time they frisked him no narcotics were found on him.

Wednesday, the quartet picked him up again and again a frisk revealed nothing.

But as ex-barber Martorella gazed speculatively at Serrette, a great light suddenly dawned on the detective.

"His hair—it isn't real," Martorella exclaimed. With that he reached out and stripped Serrette of his head of hair.

Underneath the wig, Martorella said, were hidden five small packages of dope.

### Convoy Hit

ALGIERS, Algeria (UPI) — Algerian rebels bloodied a French Foreign Legion mountain convoy before being beaten off in a sharp battle.

The legion reported 15 of its men wounded and trails of blood leading into the mountain areas where the rebels pulled back with their casualties. The number of these was not estimated officially but press dispatches said 25 Algerians were killed.

# Ike Again Pledges Entire Dixon-Yates Story; SEC Chief Mum

WASHINGTON (AP) — President Eisenhower pledged anew Wednesday that Congress will get the "entire story" of the Dixon-Yates contract, but the chairman of the Securities & Exchange Commission refused to answer certain questions about it at a Senate inquiry.

J. Sinclair Armstrong, SEC chairman, told Senate investigators he could not testify about a July 13 conversation he had with Sherman Adams, Eisenhower's chief aid, concerning the controversial private power contract.

## Brownell Instructions

Armstrong said he was acting on instructions from Atty. Gen. Brownell, and that his refusal to testify was based on the ground that discussions within the executive branch of the government were privileged.

Almost at the same time, the President was telling newsmen that he had issued fresh orders to lay the cards on the table in connection with the Dixon-Yates investigation.

He said he was sure that Armstrong had given the entire story to a Senate subcommittee headed by Sen. Kefauver (D-Tenn.). Certainly if Armstrong had omitted any details, the President said, he should give them now.

## Doesn't Say

Eisenhower did not answer directly, but he said he has asked

former Budget Director Joseph M. Dodge Jr. to go before a congressional committee "to tell every possible item that has anything whatsoever to bear on Dixon-Yates, and see whether we can get the whole list of information properly coordinated and placed before the people who are investigating it."

Armstrong has told the investigators that Adams asked him to postpone an SEC hearing on financial angles of the Dixon-Yates contract last month to give government attorneys time to decide

whether they would intervene in the case.

## Until House Acted

Kefauver has suggested that Adams sought to delay the hearings so that Wenzell's testimony about his part in the negotiations would not come out until the House had acted on a \$6-million-dollar Dixon-Yates appropriation.

Kefauver indicated the House might have refused the appropriation if it had known the Wenzell background.

Informed of Eisenhower's state-

ments, Kefauver said he still

doesn't see why Adams "doesn't come up here and testify."

"If he doesn't have anything to hide, why does he claim the privilege?" the senator asked.

## President Annoyed

The President showed sharp annoyance when a reporter reminded him that AEC officials have testified that Wenzell's name was knowingly omitted from the AEC chronology. Biting off his words, Eisenhower said:

"I don't intend to comment on it any more at all."

He added that he couldn't be

expected to know every detail, and that Dodge and Rowland Hughes, his successor as budget director,

"can tell the entire story."

Armstrong told the Kefauver group Wednesday that he had discussed his previous testimony with Adams.

Pressed by Kefauver and Sen. O'Mahoney (D-Wyo.) about what "advice" Adams had given him, the SEC head refused to detail their conversation.

The July 13 conversation, he said, had nothing to do with the Dixon-Yates financing.

### Steffen Nears No-Hitter, Optimists Win

**Lincoln Star Special**  
HASTINGS — Duane Steffen pitched hitless ball for 8½ innings Wednesday night as the Lincoln Optimists beat Hastings 5-0 at Duncan Field to win the Area C Legion Junior baseball tournament.

The win, which was the 25th in 26 games for Lincoln, puts the Optimists in the state tournament starting Sunday at Grand Island. Lincoln will be Duane Steffen paired with Omaha Metz in the opening round.

Steffen also added a two-run single to Lincoln's plate attack, which included a two-run home run in the third inning by catcher Porky Ottman.

**Pinch-Hitter Does Job**

Steffen baffled Hastings until pinch-hitter Ron Kramer singled

with one out in the ninth inning. Dave Marsh followed with the only other Hastings hit, but Steffen kept his shutout intact and scored his fifth victory. He fanned 10.

Lincoln, winner of this sub-state tournament in three straight games, got the jump on Hastings starter Joe Hill in the early innings.

**Roger Returns**  
Roger Krhounek, who had been out of the lineup with a leg injury in recent weeks, opened the first inning with a triple. He scored on Mike Mason's error.

In the second inning an error, a single by Orlman and Steffen's timely base hit gave Lincoln two more runs.

The final pair came on Orlman's homer in the third inning. With

two out and Wayne Hester on base on a fielder's choice, Orlman blasted one of Hill's offerings down the left-field line to the wall 377 feet from the plate.

A busload of Optimists Club members from Lincoln saw the tournament finals.

**Western League**

Only Denver managed to make any headway in the American Association Wednesday night, winning over last-place Charleston 6-1.

The win gave the Bears sole possession of fourth place and moved Minneapolis, rained out at Louisville, into fifth.

Omaha and Toledo were also postponed because of wet grounds and St. Paul split a doubleheader with Indianapolis.

**Dormitory Scores**

The dormitory trusty's baseball team at the state penitentiary Wednesday defeated the Lincoln Eagles, 5-2. John Rodgers' towering homer was the big blow for the winners.

### Giving Them Fitz

By Bill Fitzgerald

### A Bit Of The Babe, Maybe?

Maybe two home runs don't make you Babe Ruth or even Duke Snider, but they mean you hit that O.K.

And hitting it real well Tuesday in the City League were Bill Haas of Antelope "B" in the Eastern Division and Jon Munford of Northeast "A", also in the East area.

Bill got three hits in an 11-5 victory over Northeast "A". Two of his clouts went out of the park.

Jon poked two balls over the center field fence (310 feet) at Peter Pan Park in a 15-1 triumph over Antelope "A".

Bill couldn't be located for a picture Tuesday night, but Jon — at 15 years a 165-pound 10th grader at Northeast — was found for a shot.

### Listen To Tallulah

Here's to the kid who made good," said the big guy as he lifted a glass of something to his mouth and toasted himself. He looked around the room and spoke to everyone who could hear. "I was in the Pacific League last week and hit one so far in my last game that they had to check three hardware stores to find enough tape to measure it."

"And now I'm on my way up to the majors where I belong and where I should have been all season."

This really happened, and it occurred in a bar which doubles as a betting parlor where you can celebrate your winnings or drown your losses, which ever became you.

The successful fellow became aware of the stare of a little lad of maybe 39 who was inspecting him with curiosity. "You know anything about baseball?" he

# Sky Sox Shut Out Again, 1-0

## Don Kildoo's Debut Here Big Success

League Leaders Held To 3 Hits; Chiefs 2 Games Out; Witt Tonight

By DON BRYANT  
Sports Editor, The Star

Kildoo was here!

That was the cry at Sherman Field Wednesday night as the Lincoln Chiefs presented another mound masterpiece to shut out Colorado Springs for the second straight night, 1-0.

This time it was Don Kildoo, a 20-year-old southpaw fresh from Williamsport Pa., who put the Indian sign on the slumping Sky Sox and cut their lead over the Chiefs to only two games.

Kildoo followed Dewey Williams' 2-0 four-hitter with a spine-tingling 1-0 three-hitter as the dogged Chiefs took the third straight Sherman Field contest from Colorado Springs. And for the second straight night, the Sky Sox didn't get a man to second base.

After Wednesday's action, the league race shapes up like this:

Colorado Springs leads Pueblo which took over undisputed possession of second by edging Sioux City 8-4 in 12 innnings — by one game; Wichita and Lincoln are tied for third, two games back.

The series finale is slated tonight at 8 p.m. Bill Burwell has selected George Witt (2-1) to carry on the Chiefs' determined drive for the top spot in the Western League. Tonight will be Ladies Night and gals should have a lot to whoop it up about, if the past two nights about the best games of the year are any indication.

Sky Sox Skipper Jack Conway is undecided on his pitching assignment, but it will be either Al Zillian (10-4) or Dick Idzyskowski (0-2).

Kildoo and Sky Sox lefty Jack Kralick staged a first-class showdown Wednesday night, but the Chiefs picked up one tally in the fifth and that was all Don needed.

Zuppann, of Goodland, Kan., a former champion, won when Meginnis picked up his ball in the lopsided match.

In other first round results defending champion E.J. Rogers, Wichita Falls, Tex., was defeated 3 and 2 by Milt Hicks, Palm Springs, Calif.

Medalist Ed Hopkins easily defeated Lewis of Colorado Springs, 6 and 5.

Other results Wednesday included:

Senior Flight—Don Pegler, Sr., Lincoln, defeated C.A. Strader, 4 and 3.

Second Flight—Bob Lau, Lincoln, defeated Arch Waldron, 3 and 1.

Third Flight—Don Pegler, Jr., Lincoln, defeated Maj. Neil Sharkey, Colorado Springs, 6 and 5.

Eighth Flight—Fred Sides, Lincoln, and Dr. V.H. Brobeck even after 18 holes (the play off today); Walter White, Lincoln, defeated Dr. J.T. Emert, 2 and 1.

Ninth Flight—C.W.D. Kinsey, Lincoln, defeated Don Gordon, 6

Regular-season E.L.K.s baseball play ended at Antelope Park Wednesday night, and the results of the final games showed Anderson Hardware and Green Loan Co. into a tie for one playoff berth.

Ben's clobbered Anderson 15-1, dropping the Hardware team into a fourth-place tie with Green. The teams will play Thursday night, the other by a double play in the ninth inning after Kildoo walked off.

# Chisox Beat Yanks, 7-4; Dropo Is Star

Series Evened At One Each, Final Tilt Today; Chicago One Game Out

NEW YORK (AP)—Walter Dropo, as hot as the weather since the All-Star game, blasted three straight hits to drive in three runs and lead the Chicago White Sox to a 7-4 victory over the New York Yankees Wednesday.

The victory evened the series at one apiece and boosted the runner-up Sox to within one game of the American League leading Yankees. The rubber game will be played Thursday afternoon.

Harry Byrd, traded away by the Yankees a year ago, gained revenge on his former teammates limiting them to three hits through seven innings. The Yankees, however, knocked him out in the eighth with a four-hit, three-run barrage that cut Chicago's lead to 6-4.

After the Sox had added an insurance run in the ninth, reliever Millard (Dixie) Howell retired the Yankees in order in the ninth to preserve Byrd's sixth triumph against four defeats.

Eddie Lopat started for the Yankees, but the veteran southpaw proved no puzzle to Chicago hitters, who pummeled him for seven hits and three runs before driving him out of the box in the second. The Sox picked up three more runs against young Tom Sturdivant in the fourth to increase their lead to 6-0 before Joe Collins got the Yankees into the scoring column with a home run, his sixth of the season.

The loss was charged to Lopat, his eighth against four victories. It was the seventh unsuccessful appearance in succession for the lefthander. He last won a game June 19 when he beat the White Sox 7-1 in New York.

## Heat Confuses Wiffi, But Carol Under Men's Par

**CHICAGO** — Near 100-degree temperatures failed to slow the favorites, especially co-medalist Carol Diringer who bettered men's par, as the quarterfinal round was reached Wednesday in the 55th Women's Western Amateur Golf tournament.

Miss Diringer, tall 29-year-old veteran from Tiffin, Ohio, uncorked an opening 34, four under women's par at Olympia Fields

## 2 Million Trees Said Available

Nearly two million trees and shrubs will be made available to Nebraska farmers again next spring, a state game commission spokesman said Wednesday.

The plants are provided essentially to create more living space for wildlife and the commission has to approve the planting sites. Planting stock is provided without cost to the landowner.

Although the stock will not be available until next spring, preparations should be made now, the commission says. Many of the sites must be plowed and summer followed.

Interested farmers were advised to contact their local soil conservation service representative or the game commission's land managers in their locality.

## Husker Grid Ducats Ready

University of Nebraska season football tickets are ready for delivery, A. J. Lewandowski, business manager, has announced.

Deadline for picking up the tickets is Aug. 20 at 4 p.m.

Those tickets remaining unclaimed at that time will be cancelled. These will be used to effect changes in locations and then given to the backlog of new orders, Lewandowski said.

Those with ticket reservations have been notified that these books are ready for delivery.

Mail rolling into the ticket office the past few days indicates bumper crowds at the five home games which include Hawaii, Texas A. & M., Kansas, Colorado and Oklahoma.

The game with Colorado is this year's Homecoming contest.

Sale of student tickets will be held Sept. 12-13. Students will pick up their tickets on Sept. 15, two days before the opener with Hawaii.

**Unterseher Gains 3 Tourney Wins**

KALAMAZOO, Mich. — Neil Unterseher of Lincoln won two preliminary matches in the National Boys Tennis Championships Tuesday and teamed with J. Miller of La Grange, Mo., to down Howard and Lynch of Bethesda, Md., in doubles competition, 6-2, 6-2.

Unterseher won his second round match from Ewens of Milwaukee, 6-0, 6-0, and the third round from Keevan of Wayne, Pa., 6-3, 7-5.

## Mary Crabill Holds Two-Stroke Lead In LCC Tournament

Mary Kee Crabill shot a 52 Wednesday to lead play in the 9 hole division of the three-day Lincoln Country Club ladies handicap tournament.

In 18-hole competition, Jane Dob-

son racked up an 87, followed by Jean Hyland with an 88. Other low scores in that class were Peg Anderson 89, Ethel Botsford 91 and Bee Rohman, 92.

Because of the invitational Thursday at Hillcrest, LCC golfers playing there may play their matches scheduled for today either Friday or Saturday. If times scheduled for play today cannot be met, a new time may be arranged by calling other members of the threesome.

Pairings and starting times to-day:

9-HOLE  
7:30 — Helen Davey, Virginia Hoppe,

Kay Roper.

18-HOLE  
8:00 — Rachel Carver, Peg Anderson,

Ethel Botsford.

8:05 — Bert Face Faulkner, Jean Hy-

land, Martha Boswell.

8:10 — Win Zimmer, Dorthea Gore,

Gertrude Krausnick.

8:15 — Jo Wythers, Jo Stewart, Thelma

McGinnis.

8:20 — Jane Dobson, Betty Abel, Har-

riet Stell.

8:25 — Phyllis Williamson, Helen De-

# Heresy Trial Of Young Lutheran Pastor Opens In Milwaukee

MILWAUKEE (AP) — The Heresy trial of a young pastor—first in the 60-year history of the United Lutheran Church's northwest synod—opened Wednesday in close secrecy before a trial board of seven other pastors.

No word of the proceedings against 31-year-old Rev. George Crist Jr., will be announced dur-

ing the scheduled two days of hearings. The board's findings on each of 14 counts of deviation from Lutheran doctrine, will go to the 1956 synodical convention in Milwaukee for action before verdict and possible punishment is made public.

The punishment, upon a finding of guilty, could range from a sim-

ple rebuke to ouster from the ministry.

Pastor Crist, for six years minister to the Bethlehem Church in the nearby Waukesha County village of Durham, said before the trial that he would not deny the substance of the charges made against him, but would try to show that his beliefs formed "a permissible point of view in the Lutheran church."

#### 18 Sermons

No witnesses will be called by either side. The trial will center around 18 sermons that Pastor Crist delivered earlier this year and submitted to a five-man investigating body that drew up charges against him.

Pastor Crist said he thought the sermons accurately reflected his views. He said he would not recant any of his teachings.

In his defense, Pastor Crist said, he would refer often to the writings of Martin Luther.

#### 'Opinions'

Pastor Crist is accused of "adulterating the word of God" and mixing his own "opinions and surmises" with Scripture. He declared before the trial that a literal interpretation of Scripture and a belief in traditional dogma such as resurrection of Jesus is not vital to the Christian faith.

The trial is being held in the basement fellowship hall of Pentecost Lutheran Church here.

## Mammoth Skeleton Moved To Center Of Elephant Hall At The University

The world's largest elephant skeleton, measuring 13 feet 4½ inches at its withers, has been found in Nebraska will be added to the display which attempts to tell the story of elephants in Nebraska.

Funds donated by H. C. Wear of Brandon, Colo., through the University Foundation is making the work possible, said Perry Branch, director-secretary of the Foundation. It will be the first major renovation of the hall since 1932.

In order to tell the complete history of the elephants, Dr. C. Bertrand Schultz, Museum director, said, the museum is attempting to obtain through donation an Indian elephant, the same type which migrated into Nebraska 200 thousand years ago.

Also planned are two dioramas, one showing Nebraska during the age of primitive elephants and the other during the age of mammoths, or true elephants. The Museum also expects to exhibit elephant material from every county in Nebraska. At present, 76 counties of the 93 are represented.

The world's largest elephant was obtained from Lincoln County in the late 20s and is called Archidiskodon maaebeni mammoth in honor of the late Hector Maebet of Palmyra, who donated funds to preserve the fossil remains.

# Loup Irrigators To Protest Water Use Payments To See Vic On Aug. 3

By ARCH DONOVAN  
Star Staff Writer

Loup River ditch irrigators will meet Aug. 3 with Gov. Victor Anderson to protest against being forced to pay for water used in excess of their allotments.

The Loup River Public Power District has asked for payment and the state-set deadline for the first payments has passed.

Sen. LeRoy Bahensky of Palmer arranged for the conference. The protesting group will be headed by Paul Dean of Arcadia. The senator said the irrigators are "pretty unhappy."

Bahensky said that it is "not common sense" that irrigators be deprived of needed water in order that it can flow downstream for power purposes and then "flow on to the ocean" without further use.

He suggested that it might be necessary to move the power plant to a point higher on the stream so that the water could be used again for irrigation.

If that is not feasible, he said he believed some other method of generating the electricity should be sought.

In past years supplemental amounts of water have been allowed without protest by the power district which has senior rights. Under the law the district can demand compensation for such water used by irrigators with junior rights.

This year for the first time the district has asked such payment. A twice-deferred deadline for irrigators and the district to reach an agreement on compensation arrived July 20.

Pump irrigators meeting with the district at Columbus agreed to deposit "good faith" money as a stop-gap compensation arrangement while waiting for competent engineers to set the payment rate.

Wednesday the Bureau of Irrigation indicated 129 pump irrigators have signed agreements.

After Bahensky had conferred with A. C. Eichberg, administrative assistant to Gov. Anderson, Wednesday, Eichberg said there is nothing the governor's office can do because policy and procedure are set out in the statutes.

Even a special session could bring no relief, he pointed out, because constitutional provisions are involved and they would require a vote of the people to change.

## NU's Round Heads College Ag Newsman

OMAHA (AP)—George S. Round, director of the University of Nebraska Public Relations Department and agricultural extension editor, will head the American Association of Agricultural College Editors during the coming year.

He was elected Wednesday afternoon in the wind-up to the group's annual three-day meeting here.

He succeeds William B. Ward, head of the Department of Extension Teaching and Information at Cornell University.

G. O. Oleson, extension editor of the University of Massachusetts, was elected vice president, and Jack Spaven of the University of Vermont was named secretary-treasurer.

At a dinner Wednesday night, Louis H. Wilson, secretary and director of information for the National Plant Food Institute at Washington, D.C., received the association's annual Reuben Brigham Award.

## Low Paving Project Bids Total \$22,948

Low bids totaling \$22,948 have been received at the City Hall for paving projects.

The largest district covers the paving of streets in Park Manor at 58th and A east of Roberts Park. Low bidder was Abel Construction Co. at \$135,609.

Abel was also low at \$6,670 on the paving of 30th, South to Franklin. Dobson Bros. Construction Co. bid low on two districts.

Paving of Burnham, Dunn to Kessler; Holly, Kessler to Burnham; and Kessler, Holly to Pace, \$30,508.

Paving of M, 52nd to 56th; N, 53rd to Plaza; 53rd, M to O; Plaza, M to O; and 56th M to O, \$50,160.

Bids were also received on remodeling of the caretaker's house in Antelope Park. The low bid was submitted by Lincoln Engineering Construction Co. at \$5,880.

## Peterson To Be Administrative Assistant To Board Of Control

The State Board of Control announced Wednesday the appointment of a \$7,000 a year administrative assistant, starting Aug. 1. He is Harold Peterson, 48-year-old Lincoln contractor.

Peterson resigned suddenly in 1949 as superintendent of the Beatrice State Home after holding the post for nearly six years. Before that he had been secretary of the Board of Control after serving six months as chief clerk at the Penitentiary.

He entered state employment as an auditor for the state auditor after being in private practice in Omaha.

The Board announced that its action was part of a reorganization program which has been studied for several months. A. C. Eichberg, administrative assistant to the Governor, said that he has been conferring and cooperating with the Board on the reorganization to improve the system of operation.

## Authority Delegated

Chairman Thomas Dredla said the plans under consideration will answer criticism that the Board has been devoting too much time expected to relieve them of "business detail" and allow board members to devote more time to "general policies and institutional programs."

Plans were also under way to

## Niles, Mich., Okays Water Fluoridation

NILES, Mich. (AP)—The Niles City Council voted unanimously Wednesday to add fluoride to the city's water supply. The Board of Public Works said the program would be in operation by Jan. 1.

The Board expects one of its most important operations will be to better integrate activities of the mental hospitals into a co-ordinated mental health program for which increased appropriations were made by the last Legislature.

Dr. Cecil Wittson, superintendent of the psychiatric unit in Omaha, said the psychiatric unit is "one of the finest in the nation."

With Wittson

The announcement said that the Board's program would be worked out with Wittson and the hospital superintendents.

"Each superintendent will have an opportunity to present his ideas and they will be worked into the most effective program possible, which will be put into operation in all state hospitals and made to co-ordinate with the Omaha Psychiatric Institute."

"The Board feels that the superintendents of the various hospitals should have an opportunity to present their ideas and experience to help build a constructive and the most effective program possible to accomplish the best results for the unfortunate people who are in their charge."

Peterson will be responsible for co-ordinating the business opera-

tions of the 17 state institutions operated by the Board.

The Board is one of the largest state agencies, with expenditures in excess of \$26 million. The institutions care for about 9,000 persons.

## Sioux City Happy; Russian Ag Leader Comes To Town

HOLSTEIN, Ia. (UPI) — Soviet farm chiefs visited the farm of Elvie Dreeszen here Wednesday and then departed for Des Moines.

Russian delegation leader Vladimir Matskevich, however, went to Sioux City in a car accompanied by George Young, the mayor of that cattle-marketing center.

### Inspect Stockyards

Matskevich and two other members of his group were guests of the Sioux City Chamber of Commerce. After a luncheon in their honor, they inspected Sioux City's big stockyards and then departed in an Iowa Air National Guard plane for Des Moines.

The plane was provided by Iowa's Gov. Leo Hoegh so that Matskevich could make it back to Des Moines in time for an evening reception.

Matskevich's trip was the final result of efforts by Sioux City to make sure the Russians saw the city and stockyards.

### Resentment Caused

Cancellation of earlier plans for the Russians to go there had caused resentment in Sioux City.

"We wanted to be certain they had an opportunity to see our city—the second city of Iowa," declared Melvin J. Brown, secretary of the Sioux City Chamber of Commerce.

The Dreeszen farm at Holstein which the Russians saw in the morning occupies 240 acres. Of this, 65 acres are in corn, most of the rest is oats, hay and pasture. The Dreeszens use their farm to raise hogs and fat cattle.

### \$8,000 Before Taxes

Mrs. Dreeszen said she and her husband net about \$8,000 per year before taxes. The Dreeszens have four children.

One of the reasons the American conductors of the Russian tour wanted the Soviet farm leaders to see this farm was to observe soil conservation in action—including contour planting.

The Russians observed the farm with interest. They indicated in

# Senate Probers Report \$573,000 In Missing Fund Traced To Union Officials Account

WASHINGTON (AP) — A Senate Labor subcommittee reported Wednesday night that it has traced over \$573,000 missing from the AFL laundry drivers union welfare fund to a Chicago bank account controlled by Eugene C. James, the union's secretary-treasurer.

James refused to testify when summoned before the committee some time ago and has recently been cited by the Senate for contempt of Congress.

The subcommittee, headed by Sen. Douglas (D-Ill.), said in its report that the \$573,000 was part of nearly one million dollars "embezzled" from the union insurance fund. The missing money amounted to nearly a third of all em-

## Dorgan Estate Estimated At Over \$750,000

An inventory of the Carolin Jeanette Dorgan estate, estimated to be worth in excess of \$750,000, has been filed in Lancaster County Court.

Mrs. Dorgan, widow of John T. Dorgan, pioneer Lincoln lumber and coal dealer, died April 26.

Largest single holding listed in the inventory was 6,812 shares of Beatrice Foods Company common stock and 201 shares of convertible stock.

### Other Stocks

In addition holdings in 31 other companies included General Motors, 200 shares; General Electric, 450; International Harvester, 225; National Standard Company, 750, and Standard Oil of Indiana, 200 shares.

Other property included about \$30,000 cash, \$72,000 in U.S. Savings Bonds, household goods and personal effects, and a residential property at 3084 Sheridan.

Principal beneficiaries under Mrs. Dorgan's will are a nephew, Herbert W. Post of Evanston, Ill., and a great grandniece, Susan Fern Harding of Winnetka, Ill., now about three years old.

### Life Income

In addition to specific bequests of about \$42,000 and the real estate holding, Post is to receive a life income from the remainder of the estate, which was left in trust after \$53,200 in legacies to other relatives of Mrs. Dorgan.

Miss Harding, who survives her mother, Jeanette Alice Post Harding, a grandniece of Mrs. Dorgan, will receive the trust fund's remainder when she reaches 21.

Trustee is the First Trust Company, also named as co-executor of the estate with Earl Cline, Lincoln attorney.

## Lancaster And Douglas Called On Valuations

Lancaster and Douglas Counties will appear before the state Board of Equalization Thursday to explain how their assessed value was determined.

Other counties have been summoned to appear on Monday. Federal income tax returns in Dodge, Fillmore and Johnson Counties are being checked by the Tax Commissioner's office. They will be asked to explain differences in business inventory assessments from the 1954 rolls.

A spot check is also being made of real estate valuations in Scotts Bluff County which made one of the biggest reductions dollarwise. It is planned to check town property in York County, where valuations decreased about 8 per cent.

With the exception of cattle and wheat, Tax Commissioner Fred Herrington said that valuations in most categories are holding up to or exceeding last year's figures.

## Henry J. Heckman Dies At Age Of 71

Henry J. Heckman, formerly of 2137 So. 39, died at the home of his daughter, Mrs. Warren Pearson of 1225 No. 50, Wednesday afternoon. He was 71.

Mr. Heckman was born in Friend, in 1906 and married his wife, Katherine, who died seven weeks ago.

He had lived in Lincoln for 16 years, where he was a retired carpenter. He was a member of the Ebenezer Congregational Church.

Surviving are his daughter, Mrs. Pearson; two sons, Richard E. of Lincoln and the Rev. Harold W. of Broadus, Mont.; four brothers, Fred of New York City, Herbert of Lincoln, Edward of Friend, and Albert of California; three sisters, Mrs. Frank Heinzman of Friend, Mrs. Jones Flickinger of Skiatook, Okla., and Mrs. Carl Heim of Friend, and six grandchildren.

### Admits Age

DES MOINES (INS) — A Kansas City teen-ager who earlier told authorities he was 17 years old admitted in District Court at Des Moines that his true age is 19.

He is Marcel Cole who pleaded guilty to a charge of assault with intent to rob and was sentenced to five years in the men's reformatory at Anamosa.

Juvenile Court authorities said Cole admitted trying to hide his age so he would be tried in juvenile court.
